Part B for January 1929

SUBJECT

Re opening of a road from Arehalli to Holalu in the Hassan Dt—

13. To The President, Dt: Board Hassan
The Comptroller & Govt
The Chief Engineer of Mysore
G.O. No. L 4523-5 dt. 3.1.29
Sanctions the estimate
for Rs 9,000/-

WLK 10/1

Serial No	
1	Letter No. 670 D 30.3.26 from the Presd Dt Bd Hassan. Requs sanction to the proposal of the Dt Bd to open a road from Archalli to Sholalli for which a provision of Rs 6000 has been made in the current year's budget. It is reported that Mr. B.P. Mallegowda of Bellavara in Belur Tk has paid a contribution of Rs. 4000 for the road & the Dt Bd have granted Rs 2000 making up Rs 6000 in all and the grant will have to be supplemented by Malnad Improvement funds as the road lies in Malnad. The Pres't says that the D.P.W. Officers should be instructed to prepare the project without cost and also to hear the tools & plants charges from the grants. It is not clear if the Malnad grant is to be in addition to the charges to be borne for tools & plants allowed for preparing the project. This may be made clear when the Chief Engr's Comments about the project are forwarded by the Chief Engineer.

12 Letter No. C.15-26 § 1/5.11.28 from the Presidt, Dist Bd of Hassan.

Submits for sanction an estimate amounting to Rs 9000/- for improving the existing Cart track from Arehalli to Shalaba Land States and that the Dist Board of Hassan have resolved that they will pay Rs 2500/- and that Govt be requested to pay Rs 2500/- to supplement the sum of Rs 4,000/- contributed by Mr [illegible] Railways, the work being executed by the Board themselves.

The work is said to be urgent and the estimate has been prepared by the Executive Engr and sent to the President of the Dist Board under instructions from the Chief Engr with reference to Memo forwarding a copy of letter No. L 6015/L.B 148-25-8 § 28-2-27 to the President, Dist Board of Hassan in the matter.

It is stated that provision of Rs 4000 has been made in the D.F. budget for the current year to meet the Dist Bd's share and a sum of Rs 2000/- has been made in the Current years' M.D budget to meet the Govt share of the cost.

Orders are solicited whether the estimate may be sanctioned, being recommended by the Chief Engr P.W.D.

Through the Deputy Commissioner, Hassan District.

Forwarded with compliments.
Dy comm
Hassan

Sir,

I have the honor to state that one Mr. B.P.Hallegowda of Bellawara in Belur Taluk having agreed to pay a sum of Rs 4000/- to District funds for opening a road from Arehalli to Tholalu, the District Board resolved at its meeting held on 27th June 1925, that this question may be taken up for consideration, after the promised amount is credited to District funds. Accordingly the sum of Rs 4000/- was credited to District Funds by the said gentleman and the provision of Rs 6000/- for this road work has been retained by Government in the current year's budget while sanctioning the same in their order No.L.1515-22/L.B. 114-24-32, dated 31st August 1925. This gift and District Board grant will have to be supplemented by Malnad Improvement funds as the road way lies in the Malnad tract.

There is no public road passing through the interior of Arehalli hobli though there are a number of villages which require inter-communication and this long felt want is going to be supplied by the public spirit shown by Mr. B.P.

Letter No. 10873, dated 24th March 1926, from the Chief Engineer in Mysore, to the President, District Board, Hassan.

New road from Arehalli to Tholalu.

With reference to your letter No.498, dated the 6th Feby. 26, requesting that administrative sanction of Government be obtained for the opening out of a new road from Arehalli to Tholalu, I have the honor to inform you that the work falls under District fund; as such, a representation has to be sent by the District Board President to Government in the Local & Legislative Departments, explaining the urgency and the importance of the work and their administrative sanction must be obtained to the proposal.

As regards your request for the preparation of the detailed plan and estimate for the above work, I have the honor to state that from the Budget estimates of the Hassan District, for the year 1925-26 it is seen that the work has been provided for under "B. Public Works - to be executed by the Civil Department". It may be kindly reported whether you intend transferring the work to the P.W.D. for execution by effecting necessary reappropriations or whether you will pay the Department for the preparation of the project.

"Copy".

President,
District Board, Hassan.

Chief Engineer of Mysore.

J.R.9th

Letter No.770 dated the 29th September 1926 from the intending Engineer, Shimoga Circle, to the Chief Engineer of Mysore Bangalore.

With reference to your No.640 dated the 15th instant, regarding the opening of a road from Arehalli to Tholalu, I have the honour to state that the Executive Engineer, Hassan Division reports in his No.89 dated 21st September 1926 that due to heavy rains in that area during last week, the hallas were not fordable and consequently, it was not possible for him to fix up an economical and convenient alignment for the proposed road. He adds that he would inspect the locality in the early part of November 1926 and submit the project by the end of December next A further report will be sent then. The Executive Engineer will be asked to keep to his altered time limit.

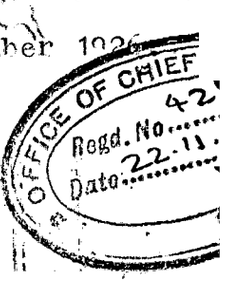
No. 1786 Office of the Superintending Engineer,
Enc:- 1 Tracing ✓ Shimoga Circle,
1 copy ✓ Shimoga, Dated, 19 November 1926.
40



From

M.G.RANGAIYA, Esq., B.A., A.C.E., F.E.,
Offg.Superintending Engineer,
Shimoga Circle, S h i m o g a.

To

John Bhore, Esq., A.M.I.C.E.,
Chief Engineer of Mysore,
B a n g a l o r e.

Sir,

Sub: Road from Arehalli to Tholalu.

In continuation of this office No.770 dated the 24/29th September 1926, I have the honour to forward herewith for -- information and orders a copy of the letter No.202 dated the 11th instant from the Executive Engineer, Hassan Division, with a tracing of the country showing the proposed road. I agree with the Executive Engineer that there is no necessity for a road in the locality. But if the people are particular, the Taluk Board may maintain the existing tracks by spending a few -- hundreds every year on drainage works.

I have the honour to be
Sir,
Your most obedient servant,

Offg.Superintending Engineer, 17/11/26
Shimoga Circle.

T.S.R.N.

Letter No.202 dated the 10th November 1926 from the Cutive Engineer, Hassan Division, to the Superintending E Shimoga Circle, S h i m o g a.

In continuation of my letter No.89 dated the 21st Septe 1926 reporting that I would reconnoitre the country between Ar hally, Cheekanahally and Kolal with a view to give instructions for the preparation of a project for opening out a new road in area, I have the honour to state that I traversed the country to-day.

2. There are two existing tracks leading from Arehally passing on to Chikanahally side via Addagarchanahallt, Kittavara, Doddasalavara, Bommenhally, and Kogode villages and the other leading on from Arehally to Kolal side via Addagarchanahally, Kittavara, Arughatta, Kanakuppa and Unagavara villages. In the former track there are not any jungle streams or hallas to be negotiated whereas in the latter track leading from Arehally to Kolal two streams one close to Gangavara and the other at Kankuppe will have to be crossed by costly bridging. The first halla is the more formidable of the two known as "Wate Halla" is emptying itself lower down to Nagachi stream. The banks of both the streams are fairly high. Both the tracks mostly run on ridges on fairly good soil.

3. From the enclosed tracing of the country which is now proposed to be traversed by a new road in question it may kindly be seen that the locality is a already served by four state and District Fund roads maintained in good condition viz., Arehally Nikkod, Pagebelur, Hanavar, Belur, Mudigere Cheekanahally, Arehally, Saklespur roads. The extreme distance between the existing Government roads north and south is 6 to 7 miles, and east to west is 8 to 9 miles. It is clear that the locality has been already served with good communications. Buses are running from Arehally to Nikkode and on to Belur and from Belur to Kolal, Chikanahally and on to Mudigere side contributing to the rapid travelling of, and convenience to the public.

4. As stated above the country is well served with good Government communications and interior of the locality served also by two tracks running on fairly firm soil. Both these tracks could be well maintained by periodical touching up at small cost under "village improvement" scheme to which great impetus has been given under the new District Board act. The gradients in Kankuppe and Bommenahally valleys could be eased at small cost. The two hallas reference to which has been made above could be crossed all the year round except perhaps for a few days when the floods are running full by the construction of masonry "cause-ways" providing suitable vents for the flow of water. The cost of the cause-way together with minor tunnels required for the passage of cross drainages may come to 7 to 8 thousand rupees which may be met out of District and State Funds. In consideration of the facts stated above and the easy communications serving this area I am of opinion that there appears to be no necessity of opening a Government road at a heavy cost. I am sending a copy of this letter to the President of the District Board for his information.

From Rao Bahadur
N. S. Nanjundiah, Esq.,
President, District Board,
Hassan.

To

The Executive Engineer,
Hassan Division.

Sir,

Adverting to the letter No.L.605/L.B.148-25-8, dated the 28th Feby.1927, from the Secretary to Government, General Deptt. Bangalore, copy of which is herein enclosed for your kind information and in pursuance of the resolution of this District Board No.6, dated the 30th April 1927, I have the honor to state that a reference was made to you vide No.A.I C. 15-26, dated 6th June 1927, to kindly cause to send up necessary plans and estimates for the improvement of the existing country track, at a cost of Rs 8000 from Archalli to Tholalu in the Belur Taluk, for which Mr. B.P. Mallegowda credited a contribution of Rs 4000/ some years back.

The project for the same has not been sent to me as yet and the question is still pending disposal, even though the Government ordered its preparation about a year back.

I, therefore, request you to kindly cause to send the same at a very early date for the consideration of the question by the District Board, and the submission of the project for the orders of Government, since the provision of Rs 8000 for the purpose made under A.P.W. of the current year's budget estimates of this District Board, is likely to lapse even this year, as there are hardly four months before us for the completion of this work.

I have the honor to be,
Sir,

Sir,

Adverting to your letter No.L.6015/L.B. 148-25-8, dated the 28th Feby.27, requesting to consult the District Board etc., about improving the existing cart track from Arehalli to Tholalu and intimating that the Executive Engineer would send me the plans and estimates for the improvement of the said road etc., I have the honor to state that a copy of your letter was furnished to Mr. B.P.Mallegowda and he has not offered any opinion but simply stated in person that he wants a pukka road to be constructed early.

Further, your letter having been placed before the District Board, at their meeting held on 30th April 1927, it was resolved that the estimates and the project would be obtained including the cost of the bridge, considered by the Standing Committee and then placed before the Board if necessary, and a copy of the resolution is herein enclosed for kind perusal.

The Executive Engineer was accordingly addressed in the matter with this office No.A.1 C.15-26, dated the 6th June 1927, but no plans and estimates have yet been received.

Copy of letter No.10873, dated 24th March 1926 addressed to me by the Chief Engineer and copy of No.6073, dated 5th May

Proceedings of the First ordinary meeting of the Hassan District Board, held on Saturday the 30th April 1927.

President,
District Board, Hassan.

Letter No.10873, dated 24th March 1926, from the Chief Engineer of Mysore, to the President, District Board, Hassan.

NEW ROAD FROM AREHALLI TO THOLALU.

With reference to your letter No.498, dated the 6th Feby. 1926, requesting that administrative sanction of Government be obtained for the opening out of a new road from Arehalli to Tholalu, I have the honor to inform you that the work falls under District Fund; as such, a representation has to be sent by the District Board President to Government in the Local and Legislativ Departments, explaining the urgency and the importance of the work and their administrative sanction must be obtained to the proposal.

As regards your request for the preparation of the detailed plan and estimate for the above work, I have to state that from the budget estimates of the Hassan District, for the year 1925-26, it is seen that the work has been provided for under "B. Publi works - to be executed by the Civil Department". It may be kindly reported whether you intend transferring the work to the P.W.D. for execution by effecting necessary reappropriations or whether you will pay the Department for the preparation of the project.

"Copy".

President,
District Board, Hassan.

Letter No.6073, dated 5th May 1927, from the Superintending Engineer, Shimoga Circle, Shimoga, to the Chief Engineer of Mysore, Bangalore.

35

Adverting to para 2 of your No.10249, dated the 28th April 1927, regarding the action taken in the matter of opening out a new road from Arehalli to Tholalu, I have the honor to state that instructions have been given to the Executive Engineer in the matter. But this being the end of the official year, the Executive staff is busy with the execution of works and the District Board has been asked to sanction the entertainment of extra Sub Overseers temporarily for investigating their projects.

I may be permitted to point out in this connection that the District Board, while paying some percentage for covering establishment charges on works actually executed, pay nothing for investigation of their projects. It is therefore desirable to maintain some establishment at their expense for this purpose say, at least 3 Sub Overseers for each District.

No.6074, dated 5th May 1927.

Copy of the foregoing is forwarded to the Executive Engineer, Hassan Division with reference to his No.742, dated the 25th April 27.

No.1856, dated 18/19th May 27.

Copy forwarded with compliments to the President, District Board for information.

Sd. N.G.Krishnaiengar,
Ex.Engineer.

OFFICE OF THE DEPUTY COMMISSIONER,

HASSAN DISTRICT.

Dated Hassan, the 6th June *192*8.

FROM

S. Abdul Wajid, ESQUIRE, B.A.,

DEPUTY COMMISSIONER, HASSAN DISTRICT.

TO

R. Ranga Rao, ESQUIRE, B.A., B.L.,

SECRETARY TO THE GOVERNMENT OF H. H. THE MAHARJA.
GENERAL
OF MYSORE, ~~REVENUE~~ DEPARTMENT, BANGALORE.

SIR,

Adverting to your letter No.L.6015/L.B.148-25-8 dated 28-2-27, addressed to the President, District Board, Hassan, calling for the views of the District Board and the District Malnad Improvement Committee on the proposals of the Executive Engineer, regarding the opening of a road between Arehalli to Tholalu, I have the honour to state that the subject was discussed by the Malnad Improvement Committee at their Meeting held on the 26th May 1928, and the marginally noted resolution was passed by them in the matter.

2. Subject: Correspondence ending with the Hassan District Board President's No.A1.C.15-26 dated 26-3-28 re: the improvement of the road between Arehalli and Tholalu

Resolution:

The correspondence was read. The Committee is of opinion that the road is absolutely necessary, that plans and estimates should be called for and the expenditure borne by the Malnad Improvement funds supplemented by the donation of Mr. Mallegowda and grant from the District Board.

2. The Executive Engineer, Hassan Division and the President, District Board, Hassan, have this day been requested to take further needful action and furnish final proposals in consultation with the District Board in the matter.

3. I may mention that the road in question is necessary and may be opened early, as it opens the Malnad in that part of the Belur Taluk, where there are good many coffee

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

General and Revenue Secretariat,

Bangalore, Dated, 21st March 1928.

No.

From

R. RANGA RAO, Esq., B. A., B. L.,
General Secretary to the Government of His Highness the Maharaja of Mysore.

To

Rao Bahadur
N. S. Nanjundaiah, Esq.,
President, District Board, Hassan.
Through the Deputy Commissioner, Hassan District.

Sir,

With reference to correspondence ending with your letter A.I.C.15-26 dated 25-2-28 regarding improvement to the existing cart track between Arehalli and Tholalu Villages, I am directed to state that the Chief Engineer is being asked to have the preparation of the plans and estimates referred to, expedited.

I have the honour to be,

S i r,

Your most obedient servant,

(Sd/-) R. Ranga Rao.

For General Secretary to Government.

GENERAL MISCELLANEOUS BRANCH
Sr 7915
24 MAR 1928

Memo. No. L. 5859/LB.148-25-10 Bangalore, dated 28 March 1928.

Copy of the above is forwarded with compliments to the Malnad Improvement Section of the G. M. Branch with the request that the next year's Government grant for the formation of roads under Malnad Improvement for the Hassan District should be earmarked for the road referred to.

By Order,

For General Secretary to Government.

S. O.

Government of his Highness the Maharaja of Mysore.

GENERAL AND REVENUE DEPARTMENTS.

G. O. No. L. 6287-96—V. P. 10-27-35, dated 9th April 1928.

(1) Prompt execution of District Board Road Works and adjustment of outlay thereon, (2) Execution of all District Board Works costing more than Rs. 500 and (3) Provision for Repairs to District Board Building.

Passes orders in regard to the

READ—

Government Order No. L. 491-9—L. B. 177-26-2, dated 22nd July 1927, passing orders in regard to the prompt adjustment of outlay on District Board Works carried out by the State Public Works Department.

ORDER NO. L. 6287-96—V. P. 10-27-35, DATED 9TH APRIL 1928.

It has been brought to the notice of Government that the Department of Public Works has been unable to fully work out the allotments made in the Budgets of the District Boards for the construction and repair works of roads on account of the fact that there is delay in the offices of the Presidents of District Boards in countersigning the estimates of the Department of Public Works. It was also been stated, on the other hand that delay is due to the facts that the estimates are often exceeded and that requests for information required in regard to such excess expenditure are frequently either not complied with at all or not complied with in time.

2. With a view to enable the Public Works Department to fully work out the allotments made in the District Board Budgets for road works, Government are pleased to issue the following instructions:—

(1) The Department of Public Works may incur excess expenditure up to a limit of 5 per cent of the estimate under each item and up to the same limit of the total estimate with regard to any work executed for a District Board.

(2) Where the expenditure is likely to exceed the limit prescribed in para (1) above, the Public Works Department should give full explanation for such excess and obtain the previous permission of the District Board.

(3) In respect of every work undertaken by the Public Works Department the Executive Engineer will furnish the District Board with a completion report.

(4) The amount provided for one item of work should not be appropriated for another except with the approval of the District Board.

(5) The Public Works Department must be responsible for the timely execution of the works and the proper up-keep of the roads.

(6) The District Boards must promptly issue a Crossed Cheque for the amount claimed by the Department of Public Works for works executed in accordance with the rules.

3. Government consider that provision should be made in the District Board Budgets for the annual repairs of District Board buildings and provision calculated at 1½ per cent of the value of the buildings may be made in future budgets.

~~L.31-93~~

Sir,

With reference to your letter No.L.6015/L.B. 148-25-8, dated 28th Feby. 1927, calling for a scheme at a cost of Rs 8000/ for improving the existing cart track from Arehalli to Thoalalu, I have the honor to state that the Executive Engineer of Hassan Division, who was addressed in the matter has sent up a tracing and an estimate for Rs 9000/ for the work.

The District Board at their meeting held on 28th June 1928, have sanctioned the estimate.

The Standing Committee of the District Board have at their meeting held on 13th September 1928, resolved that the work is urgent and the Board may pay Rs 2500/ and Government be requested to pay Rs 2500 to supplement the sum of Rs 4000/ contributed by Mr. Mallegowda, and they further resolved that the work may be executed by the Board Agency itself. This was approved by the Board at their meeting held on 18th September 1928. A sum of Rs 4000/ has been provided in the current year's District Fund Budget estimates for the purpose. The District Board quota of Rs 2500/ will be met by re-appropriation if the expenditure involves more than the
